Minecore Group

AI & Automation Implementation Agency

Make More Money, Work Less

Montreal-based AI automation agency delivering rapid business transformation through practical, strategic automation that cuts manual work, reduces overhead, and accelerates revenue.

Executive Summary

Minecore Group is a Montreal-based AI & automation implementation agency, founded in 2024 by an entrepreneur who experienced firsthand the costly inefficiencies that drain time and profit from modern businesses.

70-90%	40%+	90 Days
Reduction in repetitive work	Increases in sales/revenue	ROI typically visible

Company Story & Values

Origin Story

Born from the struggles of solo entrepreneurship, Minecore was founded after discovering that intelligent automation could reduce the founder's own weekly workload by 70% and boost revenue by 40%.

This breakthrough led to our mission: make business easier, faster, and more profitable for other founders and growth-minded leaders.

Core Values

- **Agility:** Move fast, adapt, deliver what matters
- **Focus:** Prioritize highest-impact solutions
- **ROI Orientation:** Every automation must prove value
- **Listen & Solve:** Understand unique challenges first
- **Partnership:** Grow together, optimize continuously

Market Position & Competitive Edge

Market Presence

- **Location:** Montreal, Quebec
- **Service Area:** North America
- **Target:** All business types and industries
- **Sweet Spot:** $100K-$10M revenue SMEs

Key Differentiators

- Entrepreneur-to-entrepreneur mindset
- Rapid implementation: weeks, not months
- No enterprise-level complexity or pricing
- Ongoing partnership approach

Service Portfolio & Capabilities

Frequently Asked Questions

How fast can I see results?
Basic automations go live in 2-3 weeks. More complex projects are delivered on agreed timelines with rapid milestones.

What if I'm not sure what to automate?
We run a fast audit to identify the best opportunities and deliver an automation roadmap tailored to your business.

What's your guarantee?
ROI guarantee: If you don't see clear value in 90 days, we work for free until you do.

Do you integrate with my current systems?
Yes, we support integrations with nearly any business platform. If it's unique, we'll find a way to connect it.

Is there a minimum contract?
No long-term contracts—subscriptions are month-to-month with flexible scaling options.

Future Vision & Strategic Roadmap

2024 - Foundation

- Launch core services
- Establish local presence
- Build initial portfolio
- Refine delivery process

2025 - Expansion

- Expand across Quebec
- Advanced AI solutions
- Strategic partnerships
- Industry-specific packages

2026 - Innovation

- Data marketplace launch
- Robotics integration
- Proprietary AI models
- Thought leadership

Upcoming: Data Marketplace

Secure, privacy-first platform for businesses to monetize anonymized data and access market intelligence

- AI-driven insights
- Market benchmarking
- Revenue sharing

Brand Voice & Messaging Guidelines

Voice & Tone

- ✓ Professional but approachable
- ✓ Founder-to-founder communication
- ✓ "No fluff" - practical and transparent
- ✓ ROI-driven messaging

Core Pillars

- Automation must pay for itself
- Technology should make life easier
- Founder empathy and understanding

Content Guidelines

Always use bold, quantifiable claims anchored in practical experience. Share before/after results, quick wins, and real client stories as they develop. Focus on proof points and measurable outcomes.
